

Powermate®

- 1** Powerful Powermate OHV engine provides consistent power for multiple applications
- 2** Accepts a 20 or 30 pound LP tank
- 3** Includes a digital multi meter to record engine run time for scheduled maintenance intervals & AVR (Automatic Voltage Regulator) to keep equipment protected from voltage surges
- 4** Never-flat wheels allow for easy transportation (included with portability kit)
- 5** Outlet Cover protection to keep debris out
- 6** Manual/Electric Start (battery included with 5500W)

Manual Start

Model No.	PM0133250
Rated Watts	3250 Watts
Surge Watts	4050 Watts
Engine Displacement	208 cc
Low Oil Shutdown	Yes
Fuel Tank Type	20 or 30 lb. Propane Tank
Run Time @ 50% Load	11.8 hours with a 20 lb tank
Assembled Dimensions	22.7" x 28" x 38"
Dry Weight	117.5 lbs
EAN	8018539072698

(2) 5-20R Duplex 120V
 (1) L5-30R 120V Includes L5-30P to TT30R Adapter

Manual/Electric Start

Model No.	PM0135500
Rated Watts	5500 Watts
Surge Watts	6875 Watts
Engine Displacement	420 cc
Low Oil Shutdown	Yes
Fuel Tank Type	20 or 30 lb. Propane Tank
Run Time @ 50% Load	6 hours with a 20 lb tank
Assembled Dimensions	25.5" x 31.5" x 42"
Dry Weight	196.2 lbs
EAN	8018539072711

(2) 5-20R Duplex 120V
 (1) L14-30R 120/240V
 Includes Battery

Why Propane?

- 1 Indefinite shelf life
- 2 No fuel stabilizers needed
- 3 Readily available during emergencies
- 4 Nontoxic & biodegradable
