

Tank Risers

GENERAC® PROTECTOR DIESEL GENERATOR ACCESSORIES

Model 006505-0 - 15 & 20 kW
Model 006506-0 - 30 & 50 kW

DESCRIPTION

Tank risers are required in some municipalities to help avoid potential base tank corrosion caused by mounting on rough surfaces. The powder painted steel risers attach to the bottom of the base tank, through provided mounting holes, to elevate the tank off the ground.
