

MOTOR OIL

GENERAC®

DESCRIPTION:

GENERAC® MOTOR OIL is formulated with an advanced additive technology and premium base oils for high performance and longer generator life. GENERAC® MOTOR OIL is formulated to exceed the toughest standards for outstanding generator protection and performance in today's advanced generators.

BENEFITS:

- Low friction formula helps improve generator performance
- Meets the highest U.S. standards for engine wear protection
- Protects against the formation of sludge and varnish deposits on generator parts

APPLICATION:

GENERAC® 10W-30 MOTOR OIL is recommended for use in all gasoline generators. GENERAC® MOTOR OIL exceeds the demanding requirements of the International Lubricant Standardization and Approval Committee (ILSAC) GF-5. GF-5 is the latest standard engine oils. It also exceeds API SN Service Classification requirements.

Viscosity recommendations vary according to temperature and engine manufacturer. For most new products, meeting API SM Service Classification is recommended. Always consult your owner's manual for correct viscosity choice and API Service Category recommendations.
