

ADVANCED LI-ION TECHNOLOGY
POWER STATIONS

LONG-LASTING,
FADE-FREE
POWER

PURE SINE WAVE

Power everything from the most aggressive power tools to the most sensitive electronics

3200

1600

SAFE INDOOR POWER

NO ENGINE

Battery powered lithium inverter generators eliminate the cost of gasoline and engine maintenance.

NO NOISE

Li-ion battery technology produces virtually silent power and no need for repetitive motions of a pull start.

NO EMISSIONS

Battery power provides a safer means of electricity and allows you to operate the unit inside.

HIGH-SPEED CHARGING

4.6 HOURS

WALL (AC)
9 HOURS

SOLAR (DC)
9.6 HOURS

2.3 HOURS

WALL (AC)
4.5 HOURS

SOLAR (DC)
4.8 HOURS

EXPANDABLE and CHAINABLE

Chain up to **10** Expansion Batteries to add up to
16.3 kWh
for power independence

PARALLEL

Connect 2 units for
2X THE POWER

PARALLEL LINK

Power Station + Power Station

Power Station + Inverter Generator

BUILT-IN PROTECTION

EXTREME TEMP PROTECTION

SHORT CIRCUIT PROTECTION

OVER DISCHARGE PROTECTION

OVER CHARGE PROTECTION

OVER POWER PROTECTION

OVER VOLTAGE PROTECTION

SOLAR CHARGING

APP CONNECTOR

3x MC4 CONNECTOR
using the Easy Connect DC Solar Charge Harness

Any solar panel rated between 10-28V with **MC4 or APP** connectors can be used.

3276-Wh POWER STATION (100593)

Weight: 62.8 lb.
Dimensions: 13.9 x 10.8 x 15.7 in.

1638-Wh POWER STATION (100594)

Weight: 40.8 lb.
Dimensions: 13.9 x 10.8 x 12.3 in.

1638-Wh EXPANSION BATTERY (201107)

Weight: 20.3 lb.
Dimensions: 13.4 x 10.2 x 6.7 in.

PARALLEL KIT (201108)

Weight: 4.3 lb.
Dimensions: 13.7 x 10.9 x 3.97 in.
