ALWAYS ON

ALWAYS PREPARED. ALWAYS ON.

RV enthusiasts around the world depend on the reliable performance of Onan Generators to make their vacations and road trips a success. At Cummins, we understand how critical generator uptime is to our customers. That's why we've developed the RV Generator Maintenance Kits to help ensure you are prepared for your next adventure.

DESIGNED FOR CONVENIENCE.

These kits are designed to go on the road with you and provide the necessary materials to perform basic preventative maintenance at your final destination. Tailored specifically for RV generators, the kits include items such as 2 quarts of Onamax Oil™, necessary filters and spark plugs.

Kits are available for:

HGJBB - PN A060Z347

KY B - PN A060Z345

HGJAD - PN A060Z343

HDKBB - PN A060Z222

HDKAH/AK - PN A060Z227

HDKCA/CB - PN A060Z229

HGJAB-Gas - PN A049E501

KY-LP - PN A050E993

HGJAB-LP - PN A049E506

KY-Gas - PN A050E991

ShopCummins.ca in Canada

GENUINE PERFORMANCE. GENUINE VALUE.

Don't take the risk of using non-genuine parts in your Onan Generator. We understand how much every minute of generator downtime can affect your travel plans. That's why we always recommend Genuine Cummins Green Label Parts™. Genuine Parts are built to meet or exceed the original specifications for performance, reliability and durability of your Onan Generator. They also include the latest upgrades in materials, component design and workmanship. Therefore, you aren't just replacing worn parts – you're improving the performance of your generator.

From better performance and better reliability to unmatched warranty and service support, Genuine Cummins Green Label Parts add genuine value to every Onan Generator. For additional information on the RV Generator Maintenance Kits, contact your local Cummins distributor. To find your nearest Cummins distributor, visit **rv.cummins.com** or visit **shopcummins.com** in the US or **shopcummins.ca** in Canada to order Genuine Green Label Parts.
