[Larger View](#)

The 8000 Watt portable generator is great for home backup and light construction usage. The unit features a Kohler 15 HP electric start OHV gas engine. It has a large 8 gallon tank with fuel gauge that provides up to 9 hours of run time @ 50% load. The control panel includes (4) 120V outlets, (1) 120/240V twistlock outlet, and circuit breaker protection. Low oil shutdown protects the engine by automatically turning it off when oil is low. Automatic voltage regulation (AVR) prevents voltage swings from damaging sensitive appliances. The unit is equipped with 10" flat free tires and dual folding handles for easy portability. It includes two 1 quart bottles of oil and a 12V 18AH battery.

- 8000 running watts, 10000 maximum watts
- Electric start 15 HP Kohler OHV gas engine with low-oil shutdown
- 8 gallon gas tank with fuel gauge
- Control panel includes (4) 120V outlets, (1) 120/240V twistlock outlet, and circuit breaker protection
- Runs up to 9 hours @ 50% load
- Includes two 1 quart bottles of oil and 12V 18AH battery.
