Material Safety Data Sheet

Material Safety Data Sheet Section 1- Chemical Product & Company Identification Name of Sample Protable power station Manufacturer's Hengke Energy (GuangDong) Co. Ltd name Manufacturer's No.17, JinlingRoad, Zhangmutou, Dongguan, Guangdong Province Address Contact Person Leo Li Tel +86-769-89386595 Fax N/A Emergency Tel +86-769-89386595 E-mail 609939959@qq.com Section 2- Hazards Identification Classification of See section 14. Danger Primary Route(s) of Eye, skin contact, ingestion. Exposure The batteries are not hazardous when used according to the instructions of manufacturer under normal conditions. In case of abuse, there's Hazard of rupture, fire, heat, leakage of internal components, which could cause casualty loss. Abuses Health Hazard including but not limited to the following cases: charged for long time, short circuited, put into fire, whacked with hard object, punctured with acute object, crushed, and broken.

Report No.: TCT200727M059 Page 2 of 8 Hotline: 400-6611-140 Tel: 86-755-27673339 Fax: 86-755-27673332 http://www.tct-lab.com

Chemical Name	Concentration or concentration ranges (%)	CAS Number
ithium Cobalt Oxide	15-40	12190-79-3
Graphite	10-30	7782-42-5
nosphate(1-), hexafluoro-, lithium	10-30	21324-40-3
opper	7-13	7440-50-8
uminum foil	5-10	7429-90-5
ickel	1-5	7440-02-0

Labeling according to EC directives.

No symbol and Hazard phrase are required.

TCT通测检测 TESTING CENTRE TECHNOLOGY

Note: CAS number is Chemical Abstract Service Registry Number.

N/A=Not apply.

Section 4- First Aid Measures

Eye	Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical aid.
Skin	Remove contaminated clothes and rinse skin with plenty of water or shower for 15 minutes. Get medical aid.
Inhalation	Remove from exposure and move to fresh air immediately. Use oxygen if available.
Ingestion	Give at least 2 glasses of milk or water. Induce vomiting unless patient is unconscious. Call a physician.

Section 5- Fire Fighting Measures Characteristics of Dusts at sufficient concentrations can form explosive mixtures with air. Combustion Hazard generates toxic fumes. Hazardous Combustion Carbon dioxide. **Products** Fire-extinguishing Methods and For small fires, use water spray, dry chemical, carbon dioxide or chemical foam. Extinguishing Media Report No.: TCT200727M059 Page 3 of 8

Hotline: 400-6611-140 Tel: 86-755-27673339 Fax: 86-755-27673332 http://www.tct-lab.com

	Material Safety Data Sheet
Attention inWear self-contained breathFire-extinguishing(approved or equivalent) a	hing apparatus in pressure-demand, MSHA/NIOSH nd full protective gear.
Section 6- Accidental Release Measu	ires
Personal Precautions, protective equipment, and emergency procedures	In case of rupture. Attention! Corrosive material. Avoid contact with skin, eyes and clothing. Ensure adequate ventilation. Use personal protective equipment as required. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. Refer to protective measures listed in Sections 7 and 8.
Environmental Precautions	Prevent product from contaminating soil and from entering sewers or waterways.
Methods and materials for Containment	Stop the leak if safe to do so. Contain the spilled liquid with dry sand or earth. Clean up spills immediately.
Methods and materials for cleaning up	Absorb spilled material with an inert absorbent (dry sand or earth). Scoop contaminated absorbent into an acceptable waste container. Collect all contaminated absorbent and dispose of according to directions in Section 13. Scrub the area with detergent and water; collect all contaminated wash water for proper disposal.
Section 7- Handling and Storage	
	The battery may explode or cause burns, if disassembled, crushed or exposed to fire or high temperatures. Do not short or install with incorrect polarity.
Handling	disassembled, crushed or exposed to fire or high temperatures. Do not short or install with incorrect
Section 7- Handling and Storage Handling Storage Other Precautions	disassembled, crushed or exposed to fire or high temperatures. Do not short or install with incorrect polarity. Store in a cool, dry, well-ventilated area away from incompatible substances. Store locked up. Keep out
Handling Storage	 disassembled, crushed or exposed to fire or high temperatures. Do not short or install with incorrect polarity. Store in a cool, dry, well-ventilated area away from incompatible substances. Store locked up. Keep out of the reach of children. In case of rupture. Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Use personal protection equipment.
Handling Storage Other Precautions	 disassembled, crushed or exposed to fire or high temperatures. Do not short or install with incorrect polarity. Store in a cool, dry, well-ventilated area away from incompatible substances. Store locked up. Keep out of the reach of children. In case of rupture. Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Use personal protection equipment.

	1)ING CENTRE TECHNOLOGY	Material Safety Data Sheet
Personal Protect	ive Equipment	 Eye and Face Protection: None required for consumer use. If there is a Hazard of contact: Tight sealing safety goggles. Face protection shield. Skin and Body Protection: None required for consumer use. If there is a Hazard of contact: Wear protective gloves and protective clothing. Respiratory Protection: No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.
Section 9- Phy	sical and Chemical Pro	operties
	Appearance: Prismatic	
Physical State	Color: Blue	
	Odour: If leaking, smells of r	nedical ether.
Change in condit	ion	
рН	Not applicable as supplied.	
Flash Point	Not applicable unless individ	lual components exposed.
Flammability	Not applicable unless individ	lual components exposed.
Relative density:	Not applicable unless individ	lual components exposed.
Solubility (water)	Not applicable unless individ	lual components exposed.
Solubility (other)	Not applicable unless individ	lual components exposed.
	<u></u>	
Section 10 – S	tability and Reactivity	
Chemical Stabilit	У	Stable under recommended storage conditions.
Possibility of Haz	ardous Reactions	None under normal processing.
Conditions to Ave	pid	Exposure to air or moisture over prolonged periods.
Incompatible mai	terials	Acids, Oxidizing agents, Bases.
Hazardous Deco	mposition Products	Carbon oxides.
